The oleomargarine law in New York has caused the failure of several manufacturers engaged in the manufacture of this article.

Mr. Michin, an American, is exhibiting a gun in London that promises to supersede all other guns for military service. The Duke of Cambridge and other distinguished officers pronounced it a most remarkable invention and predict that it will revolutionize this arm of the military service.

The European wheat crop is estimated by Fyfe & Co. of England, to be 60,000,000 bushels short of last year. They say there "must soon be a reaction in the world's wheat market." Good wheat is the cheapest production in sight to-day, because it is a necessity of the world, is a short crop, and is selling at cheaper rates than it can be produced with profit to the farmer.

The Grant museum will be the most interesting feature of Washington. The collection comprises something like two hundred articles, most of which carry associations which will enlighten them more and more to the nation. The country is fortunate in possessing these relics of her great distinguished soldier. And they will be guarded as carefully as the relics of George Washington, which attract the earnest attention of every visitor to the Smithsonian institution where they are deposited.

While women suffrage in this country has its ups and downs, and perhaps more downs than ups, in England the whole controversy is shortly to be brought to a focus in the candidacy of Helen Taylor, a step-daughter of the late John Stuart Mill, for a seat in parliament. It appears that while there is no recognition in law of women's eligibility to this honor, there is no law to prevent her winning it if she can. The cable says that the lady is likely to get the election. If so, the common law may have a worse job on its hands than Bradburn's.

Rev. Dr. Parkhurst, in the July number of the North American Review, refutes the oft-repeated statement that Christianity is declining by a mass of facts and statistics that are absolutely overwhelming. "So far," adds Dr. Parkhurst—"from Christianity betraying the first symptoms of exhaustion, there has been no time when the Christian faith has been so strong as it is now. Christianity has moved with such vigorous strides, and with such rapidity, and with such power, as during these years of our own country when the disciples of Voltaire and the imitators of Paine have been most active in their production of obituary and accumulation of embalming spices."

No event in the last 20 years has created so profound and widespread an interest among New York shipping merchants, steamboatmen and yachtmen as the performance a short time ago of the little steam yacht *Stiletto* in beating the fastest steamship *Mary Powell*. The *Stiletto* crossed the Atlantic in a record of 11 days, 15 hours, 56 minutes and 4 seconds, beating the *Mary Powell* by 11 hours, 56 minutes and 4 seconds. Since that event, wherever the little boat has appeared, she has been greeted with a chorus of steam whistles, and has exchanged the most eager curiosity. It is stated that if the principles of her construction were applied to a large passenger steamer, the trip across the Atlantic could be made in four or five days. Whether they can or will be so applied appears to be undecided at present.

Since the company has straightened out the curves between New York and Philadelphia, the speed of trains has been increased. A reporter says that a run of a day passes that some train does not run in the two cities, and that the fastest train, the Atlantic Express, in 100 minutes, and very little attention is paid to it. In fact, the great mass of travelers are in contented ignorance of the record. The quickest time on record going west was made on the night of May 6, when a train from New York to St. Paul, Minn., in 100 minutes, and a coach and a parlor car, the latter for ballast, ran from Jersey City to Philadelphia in one hour and thirty-two minutes, exclusive of a five-minute stop at Trenton. The fastest train ever made was run by the Atlantic Express, made by Engineer Osmond with locomotive 724, which made the trip in ninety-three minutes, including two full stops and three slow downs.

James Russell Lowell, late minister to England, said in Boston the other day: "An English naval officer told me only a short time ago that our policy with regard to a navy was on the whole the right. Do not create a navy, said he, until you need it, and then build your vessels with all the latest improvements. I don't know but that he is right. Of course it would take a little time and cost an enormous outlay of money. I don't think, however, that we shall be called upon to use a navy against England right away. The relations between the two countries could not be more pleasant or friendly, yet war is not an impossibility. We have English blood in our veins, and we have just as much English pride as they. Neither country would consent to be bullied; but that is not likely to occur. The policy that has been maintained between the two countries is, I think, the wisest that could be pursued, and I am confident that my successor will do just right. Mr. Phelps is a man of great ability. Personally, he is one of the pleasantest gentlemen I ever met. I am sure the interests of our country will not suffer in his hands."

## HOME AND COUNTRY NEWS.

No

For

The 4th!

No Depots Yet.

Cloudy weather.

Enjoy yourself.

The 4th next Saturday.

Its your patriotic duty to cele-

brate.

Saturday was fair day and

brought in a big crowd.

Chaska will outdo herself on the

4th.

Chaska is enjoying a genuine

"business and building boom" this

season.

"Patience has ceased to be a vir-

lue" and so our Railroad companies

may find out at last.

The post office will be changed

next week, and Mr. Klammer, will

be assistant. A good selection.

The best fire works ever display-

ed in Chaska, will be fired off July

4th. Come and see them.

Concordia Hall will be ablaze

with fire works on the evening of

the 4th.

Peter says his pavilion will be a

sight to behold on the evening of

the 4th.

Farmers are in the midst of the

hay harvest. In some sections its

good and in others light.

The new ferry boat over the

Minnesota river at this place is

completed and is said to be a good

safe structure. Now for a road.

The Concordia Singing Society

will sing a number of choice pieces

at Concordia Hall on the evening of

the 4th.

Vierling Band of Shakopee was

dispensing music at the monthly

Fair in Hall's saloon on Saturday.

They drew a crowd.

Quite a number of our citizens

attended the circus at Shakopee on

Saturday. They report a good

show but small attendance.

Jacob Kirsch of Lakewood is com-

pleting a large new frame barn 30x

60 with stone basement for stock.

It shows both enterprise and thrift

on the part of our farmers.

We go to press on Wednesday

this week in order to get a little a-

head with our work on account of

the 4th. We will be on time next

Thursday.

Peter Campbell, Jas. McGrath,

and others from Watertown, were

in town last week on business at

the Court House. We acknowledge

a pleasant call.

Gus Trick, of Young America,

with his brother Gottlieb called in

to see us one day last week and we

regret that we were absent from

home.

A number of our prominent Ma-

sons, among them G. Krueger,

W. C. Odell, Theo. Young and A.

W. Barker, attended the funeral of

L. E. Booth at Young America,

last Tuesday. They report a large

funeral.

The 4th will be celebrated in

grand style on Coney Island, Wa-

conia, as will be seen by the add

of F. & E. Dark, which appears in

this issue. Schuberts Orchestra

will furnish the music. Dancing

free.

The brick work on Peter Lino's

new residence in Chanhassen is

completed and the carpenter and

painters are finishing the building

up in the highest style of art.

When completed Peter will have

one of the nicest and most comfort-

able farm residences in the County.

Go to ODELL'S on the 4th &

5th of July for Ice Cream, Lem-

onade, Lunch &c.

Serious Accident.

Fritz Buckentin of Dahlgren was

quite seriously hurt by the upset-

ting of his wagon loaded with lum-

ber a week ago last Saturday when

near H. Millers farm. He came

under the load inflicting painful

injuries about the back. We are

pleased to learn however, that he

is considered out of danger.

Soldiers Re-Union.

We copy the following item from

the Norwood correspondence of the

Gloucester Register, last issue, re-

lative to the Re-Union at Norwood

Viz:

The soldier's re-union at Young

America on last Friday and Satur-

day was a big affair. The streets

of the village were gaily decorated

with banners, mottoes, flowers and

forest leaves gracefully festooned

from house to house, giving the

town a holiday appearance. The

Young America band discoursed

sweet music, the cannon belched

out thunder tones to be echoed over

lake and wood, there were speeches

drills and charges; predatory char-

ges were made upon the commissary

department, which was adequate to

all demands, and a sham battle

was fought which made fun for the

boys. No set programme was car-

ried out, but every old vet. was in-

terested upon seeing how much en-

joyment could be gotten out of it.

Camp was broken on Saturday

night, the old soldiers and their

friends returning to their home.

Farm For Sale.

The undersigned offers his farm con-

sisting of 100 acres situated in sec. 25

town of Watertown, 5 miles from

Watertown, with 25 acres under

plow, 10 acres meadow, the balance

pasture land and heavy timber. Log

house, good stable, granary and good

well of water on premises. For particu-

lars call and see terms.

CHARLES OSWALD

Helvetia Roller Mill.

Helvetia June 26th 1885.

Mr. Enron. We recently had

the pleasure of being shown over

the Mill of Lemke & Meyer at Hel-

vetia. We found the mill running

and turning out a first class grade

of flour. Two of the bakers were

removed and two double sets of Wil-

ford & Northway centrifugal reels

and three scalpers were added,

## Death of Mrs. Schoenborn.

The body of Mrs. Nicholas Sch-

oenborn, was brought up to Shako-

pea, and buried in the Catholic

burying ground on Thursday. She

died on Wednesday the 24th inst.

of quick consumption.

Mrs. S. left Chaska only a few

short months ago, after separating

from her husband, intending to

keep house for several of her sons

who were working in that city, lit-

tle dreaming that she would never

see her old home again. Mrs. S. was

still young, not being over 35 years

of age. She leaves three sons and

three daughters who have the sym-

pathy of a large circle of friends

in their affliction.

Our Brick.

The Litchfield Independent

says that Chaska has already made

7,000,000 bricks and that "the Chas-

ka clay is not as good as that here."

Now we don't know anything

about the Litchfield brick, but we

do know that experienced builders

and competent judges, say that the

Chaska brick is equal to the best

Milwaukee and the best made in the

State, and the sale of 20,000,000

annually verifies the fact.

Arrested And Tried.

Fred Bauer, son of Jos. Bauer, of

Watertown township, complained

before Justice Myers on Saturday

evening, that John Dietrich Sr. of

the same town had committed an

assault upon him that day with a

club, and prayed for his arrest.

City Marshal Ehrmantrant arrested

Dietrich on Monday and being

brought before the Justice plead

"guilty" and was fined \$5.00 and

costs, amounting in all to \$24.10.

There are three main vertical columns: a narrow column on the left, a wide central column, and another narrow column on the right. # PROSPEROUS CHASKA.

We copy the following highly  
complimentary notice of Chaska,  
from the *Journal Independent* of  
last week. The editor Mr. Mc-  
Clelland is well acquainted in  
Chaska and knows whereof he  
speaks. The article reads as fol-  
lows.

"We learn from the Valley Her-  
ald that the census of Chaska just  
completed shows a population of  
1,725, an increase since 1880 of 644  
or 65 per cent. It is a fact which  
we admit with pleasure that Chaska  
has increased largely in popu-  
lation during the five years last past  
and this season especially witnesses  
an unprecedented advancement in  
her material development. More  
substantial buildings are now in  
process of construction in Chaska  
than in any of the neighboring  
towns of the valley, and the present  
outlook for continued progress  
must be highly gratifying. While  
the citizens of that borough, while  
the town has not at any time ex-  
perienced any particular boom, her  
business interests have been grad-  
ually developed and built up as the  
demands and opportunities of the  
surroundings made necessary or  
warranted.

The peculiarly healthy condi-  
tion of things which now exists,  
and the favorable outlook for the future  
is not due alone to the favored lo-  
cation of the town with reference  
to the rich agricultural region ex-  
tending to the south, west and  
north, the products of which may  
naturally be tributary thereto,  
but more than all else to the mine  
of wealth existing in her brick  
making clay which has been found  
in abundant quantities within her  
limits and within easy access of

An insane person, a stranger in  
this county as far as we can learn,  
was delivered to Sheriff DuToit, on  
Friday night of last week. He was  
so violently insane that the Sheriff

him committed to the Asylum. We  
did not learn his name or residence.

### Lutheran Church.

Last week we made mention that  
the contract for building the  
Lutheran Church in this village  
had been let to Mr. Olof Hanson  
and Caspar Spiess. We were mis-  
informed as to Mr. Spiess. The  
venueing work and the plastering  
has been let to Mr. Ewald Ostreich  
of this city; a first class workman,  
and we cheerfully make the cor-  
rection in justice to Mr. Ostreich.

### Married.

Word reaches us that our young  
friend John Kuzza formerly of  
Laketon, was married in St. Paul  
on July 1st to Miss Mary Southem  
also of Laketon. The many  
friends of the happy couple in this  
county wish them much happiness.

### Changed Property.

Caspar Buschmeier has traded his  
20 acre farm adjoining this village  
to Joseph Meichels for his house  
and lot situated opposite Mr. Zim-  
mer residence and 3000.  
This is a good trade for both  
parties. Mr. Buschmeier being un-  
able to work on his land is desirous  
of being in town, while Mr. Meichels  
wished to get a piece of land, thus  
both parties are accommodated.

### Board of Equalization.

We were mistaken last week  
as to time of the meeting of the  
County Board of Equalization. They  
met on Monday July 20th  
instead of 21st and County Board  
on Monday 27th instead 28th. We  
were led to the mistake by copying  
the date from a State exchange  
who was evidently mistaken.  
Remember the date Monday Ju-  
ly 20th.

### P. M. At College.

We are pleased to learn that Ja-  
cob Hennison has been appointed  
Postmaster at Cologne, in place of

eral satisfaction, hence the desire  
of the public to continue him in  
that position.

partment be hereby extended to F.

gentle manner and able manner that

for the last year and a half as well  
as his faithful discharge of all du-

## PROSPEROUS CHASKA.

We copy the following highly  
complimentary notice of Chaska,  
from the *Journal Independent* of  
last week. The editor Mr. Mc-  
Clelland is well acquainted in  
Chaska and knows whereof he  
speaks. The article reads as fol-  
lows.

"We learn from the Valley Her-  
ald that the census of Chaska just  
completed shows a population of  
1,725, an increase since 1880 of 644  
or 65 per cent. It is a fact which  
we admit with pleasure that Chaska  
has increased largely in popula-  
tion during the five years last past  
and this season especially witnesses  
an unprecedented advancement in  
her material development. More  
substantial buildings are now in  
process of construction in Chaska  
than in any of the neighboring  
towns of the valley, and the present  
outlook for continued prosperity  
must be highly gratifying to the  
citizens of that burg.

While the town has not at any time ex-  
perienced any particular boom, her  
business interests have been gradu-  
ally developed and built up as the  
demands and opportunities of the  
surroundings made necessary or  
warranted.

The peculiarly healthy condition  
of things which now exists, and  
the favorable outlook for the future  
is not due alone to the favored lo-  
cation of the town with reference  
to the rich agricultural region ex-  
tending to the south, west and  
north, the products of which are  
naturally be tributary thereto,  
but more than all else to the mine  
of wealth existing in her brick  
making clay which has been found  
in abundant quantities within her  
limits and within easy access of  
her railway facilities, and which  
has through the energy, skill and  
industry of her moneyed and busi-  
ness men, been improved and high-  
ly utilized for the benefit of them-  
selves individually and the town  
generally."

### School Meeting.

The annual school meeting takes  
place next Saturday, the 18th inst,  
and we hope our citizens will bear  
the fact in mind. A trustee or two  
is to be elected this year and as our  
school matters are growing in im-  
portance a good attendance is de-  
sired.

and popular "hostess" of the Sur-  
gent House, of this village, while  
her chosen husband is Maj Sargent  
late of Sabatha, Nebraska, and  
brother of J. A. Sargent her former  
husband, a gentleman with a  
very high standing in his former

The many friends of both parties  
here and elsewhere wish them many  
years of wedded bliss.

The political members of the Leg-

islature of this State are clamoring

for an extra session, on the ground

that there should be a re-appoint-

ment under the last State census.

This is all bosh! The people don't

want an extra session, and if Gov.

Hubbard calls one, he will sound

his political death bell. Mark that.

Our old friend Dr. A. Guernon

it seems, have lost their influence,

it looks bad for the banner demo-

the fall Alberts spinal column was

partially dislocated at the junction

of the second and third vertebrae

pressed. Dr. Riches was summoned

in haste. Two hands not being

very serious aspect the Doctor sent

to Chaska for Dr. Shillock to assist

him. Upon his arrival the two

Doctors succeeded in reducing the

dislocation and in making the

young man comfortable. At this

that good fortune in future will  
make up for their present severe  
loss.

made many friends. It is a new

to the front next season.

Hon. G. Teubert, G. Bachmann,  
Matt. Bory, Rolf and others resid-  
ing in the district struck by hail, as  
mentioned in another column were  
in town last Tuesday getting their  
taxes abated. It is no more than

sioners done their duty by them. They  
are deserving.

The Monthly cattle fair next  
Saturday, the 25th of July, will be  
the last one before harvest, and  
our farmers should bring in what  
stock they have for sale, as a large  
number of buyers will be on hand  
and good prices will be realized.  
Next Saturday is the day, and don't  
forget it.

**Disastrous Hailstorm.**

On Wednesday July 8th, a ter-  
ribly destructive hail storm swept  
over the town of Hancock and part  
of Benton and over into Sibby  
County, destroying everything in  
its path. It is hard to describe the  
appearance of the territory after the  
storm.

The following farmers of this  
county are sufferers by the storm.

Hon. G. Teubert loses his entire  
crop. He expected to thresh on  
his two farms 1600 bushels of wheat.  
There is not now standing over 100  
Corn and other crops also destroyed.

The Colbert farm is damaged only  
one fourth. Matt Bory all gone;  
G. Bachman two thirds; Mike Miller  
two thirds; Terrance Gallagher one  
half; Clamer & Henry Ioff all also  
slightly. Messrs Lidd-  
meier and Finkelnauer also suffer-  
ed slightly.

Fred Telthorpe about one fourth,  
John Miller lost the whole of his  
wheat. Henry Klausenair lost  
nearly his whole crop. Theodore  
Meyer, on John Borys old farm,  
lost fully one half of his crop and  
Fred Grober, lost his full crop.

Others in the same neighborhood  
were more or less damaged either  
in their crop or to their buildings.

Hundreds of window lights were  
broken by the hail, and the damage  
otherwise was very heavy.

**Farm For Sale.**

The undersigned offers his farm con-  
sisting of 100 acres situated in sec. 25 town  
of Watertown, 5 miles from Waconia and  
Watertown, with 55 acres underplow, 10  
acres meadow, the balance pasture land  
and heavy timber. Loghouse, good sta-  
ble granary and good well of water on  
premises. For particulars call and see  
the land and get terms.

CHARLES OSWALD.

## Crop Report.

The Rye and Barley harvest is  
nearly over and both can be classed  
as average yields, a little under  
if anything.

Contrary to expectation the out-  
yield will be a good one, and in  
some localities very heavy.

On old fields the wheat stands  
this, owing to the drought follow-  
ing the sowing season. The late  
June and early July rains greatly  
benefited the crops and we may  
expect an average yield, but not as  
large as last year.

The potato crop will be good not-  
withstanding the ravages of the  
"festive potato bug."

**Wampach Lime Kilns.**

Now that there is a ferry over  
the river at Chaska, farmers in want  
of lime can get the same at the  
Wampach Lime Kilns, situated  
near Nyssens Brewery. Citizens of  
Carver County in want of lime will  
find this fact in mind.

**CHASKA FAIR.**

Saturday July 25th 1885.

The next regular monthly cattle  
fair will be held at Chaska on Sat-  
urday July 25th, and the farmers of  
Carver and adjoining counties will  
find it to their interest to bring  
their stock to Chaska for high  
prices, as the next fair will come  
just before harvest, and will be a  
large one; come and see. Farmers  
of Scott County can cross the  
Ferry at Chaska free on fair day.

Chaska Fair Committee.

**Wostrel Bros., Waconia.**

While in Waconia last week, we  
learned that this enterprising firm  
dealers in Hardware, tinware and  
Machinery, had, in the short time  
they have been in business, estab-  
lished a large and extended business  
especially in Machinery. They  
have sold a large number of the  
celebrated McCormick Steel Binders,  
this season, and intend to greatly  
enlarge the sales of the same next  
season. They are a reliable firm  
and it is a pleasure to do business  
with them. We wish them con-  
tinued success.

**Heuman & Bergman.**

This firm carry on a general mer-  
chandise business at Plato, Mc-  
Leod County, next station above  
Norwood, and are doing a large  
business. Mr. D. Bergman, the  
junior member of the firm was for-  
merly a well known citizen of Ber-  
ton, and his friends will be pleased  
to learn of his success in business.  
He has quite a trade from this Co-  
nity, being on the line of the two  
counties.

**An Important Decision.**

The Supreme Court have sustain-  
ed the decision of Judge McDon-  
ald, in the case of Christmann vs  
John Colbert. It involved the title  
to 40 acres of land. The circum-  
stances of the case are well known  
in this and the western section of  
the County and we will not now  
go over the facts as it would take  
up too much room.

**School Meeting.**

The annual school meeting was  
held last Saturday evening and M.  
Hammer and Geo. F. Faber, our  
going Directors were elected as their  
own successors. We are unable to  
give the financial condition of the  
District, as we were not present at  
the meeting.

**New Farm Dwellings.**

Gerhard VanSloun, of Chanhassen,  
has just completed a new farm  
dwelling which is a credit to him  
and the town. It is a two story  
frame dwelling 18x28, with all fix-  
29. It was built by John Dols, of  
Chaska.

Peter Weller of the same town,  
is also building a frame dwelling  
18x24, one and one half story. This  
indicates that our farmers are prosper-  
ing notwithstanding the cry of  
hard times and no money.

**A Big Run.**

The Carver County Bank, have  
paid out, on checks of Treasurer  
Weeg, over \$20,000 during the  
last thirty days. The town and  
school Treasurers drawing their  
funds faster than ever before, show-  
ing hard times for money.

**WANTED.**

Wanted two brick and stone  
Masons on Holms' Building,  
Carver. Minn.

Caspar Spiess

**Stump Puller.**

Albert Gauke, of Chanhassen  
town, respectfully informs the pub-  
lic that he has a No 1 Stump Pull-  
ing Machine, and is ready to  
contract for pulling stumps in this  
part of the county on short notice,  
and guaranteeing good work in  
every respect, at reasonable rates.  
All orders left with Peter Illis,  
Chaska, will receive prompt atten-  
tion.

ALBERT GAUKE.

## Barn Burned.

Last week Wednesday during the  
heavy thunder storm, lightning  
struck the barn of Joseph Miller  
residing near Smithtown Lake Min-  
netonka, burning the same up, to-  
gether with a span of mules, one  
horse, carriage, lot of hay and 400  
bushels of oats. It is a severe loss  
on Mr. Miller.

**Proposal For Jail.**

August 8th 1885 for doing the brick  
and carpenter work on Cologne

by the Village.

**The Buckeye Platform Binder.**

On the invitation of Mr. P. Henk the  
Chaska agent of the Buckeye Platform  
Binder, a large number of Farmers of  
Carver and Hennepin counties gathered  
at the farm of C. Vase one mile from  
Chaska to see the machine start, the  
grain to be cut was Barley and a worse  
piece of the stuff could not be found  
in ten counties, the undersigned are a few  
of those present at the trial and after a  
most thorough inspection of the work  
performed unite in testifying to the many  
excellencies of the machine and have no  
hesitancy in recommending it to all in need  
of a binder to buy the Buckeye Platform

Upon receipt of the news of the death of Gen. Grant in Chaska, on Friday the 23rd inst., flags were run up at half mast on the Engine House, and all flag poles in the Village, and the store of C. T. Young was tastefully draped in mourning for the dead hero. Our Citizens also evinced deep feelings of regret for the departed dead, and sympathy for his wife.

Gen. Grant is dead. He died at Mt. McGregor, N. Y., at eight minutes past 8 o'clock on Thursday, July 23rd and will be buried at Central Park, New York City, Saturday August 3rd.

The last tattoo has been sounded and the hero of Vicksburg and Appomattox has surrendered to the inevitable after a long and brave battle, and the Country is in mourning for her greatest hero and best friend.

## Norwood.

At the annual school meeting it was decided to have five months winter school and three months summer school and to charge all scholars not enrolled as residents of this district tuition of one dollar per month.

James Slocum was re-elected district treasurer.

We shall employ two teachers this winter and want good ones. Applications are in order.

The largest shipment of steam thrashers ever made to this station was brought in by Finnegan Bros last week. Seven separators and four Giant Engines and all sold in this immediate vicinity.

Berries are very plenty at ten cents per quart.

Grand Band concert next Friday evening. The Young America Band and the Norwood bands will unite in a free open air concert. Don't fail to hear them.

Mr. Slocum's young people with friends from Norwood and Chaska are spending the week at "The Coney Island of the West."

The weather thus far has been rather unpleasant but we don't mind it as we are having a fine time.

Look out for the circus. We have the promise of one Aug. 11th sure.

There were two sound able holed men present at the fire that refused to assist in any way. One of them lives in Norwood and is known far and wide as the meanest man in town, and I suppose one reason why he is so mighty mean is because there is so much of him. The other man? showed himself a veritable hog even to the bristles. Oh well it takes all kinds of things to fill a great world like this.

Farmers here is a pointer for you. Lime is 50 cts. per barrel and plastering hair 35 cts. per bushel. Lime in Glenwood is one dollar per barrel and plastering hair 65 cts. per bushel. This difference in price holds good in everything that you want to buy and of course Norwood is the place to do your trading.

## First Tomatoes.

We are under many obligations to Mrs. John Holtmeier of Lake-town for a nice mess of early Tomatoes, the first of the season, from her fine garden. They were large, with a nice flavor and much superior in every respect to the southern plant. We hope she may have equal success in raising other early garden luxuries.

Dr. C. W. Riches who has a very large practice here and for miles around, has purchased the residence on Main St. of Hugo Volkenant, for the sum of \$1,500. So the Dr. is a fixture in Waconia.

Mrs. Charles Simmens, nee Ida Moeschler, of Minneapolis, spent Saturday visiting friends in our village.

A few of our ambitious young people are preparing to enter the Academy at Excelsior, at the opening next September. We know this to be an excellent school and hope it may be well patronized by Carver County students.

The teachers of this place are doing their best to secure schools for the winter. Several we understand have been successful.

The old stock of Meyer & May is about all gone. Some very cheap notions and men's clothing are yet to be sold.

The new boiler for the Niagara came last week and is ready for use.

There were several moonlight excursions on the lake last week.

The Germania has recently been leased for the rest of the season by a party from Minneapolis, who seem to be doing a lively business with her.

Waconia and Coney Island are having their greatest boom this year, a great many immensely large excursions have been to the place and a goodly number are yet to come. The Turners from Minneapolis last Sunday was a large and lively affair.

## The Monthly Fair.

The monthly cattle fair last Saturday did not draw as large a crowd as we expected, although the attendance was fair, and the amount of stock much greater in proportion to the attendance, than at former fairs. The sales, however, were confined to milk cows, and fitted stock and the prices realized were good.

## Notice to Farmers.

The farmers of this County are hereby notified that next season I will not purchase any yearling cattle unless they have been castrated. This rule will be strictly observed.

The steadiest business on the Upper Missouri has been unusually good this season, owing to the fact that a very uniform stage of water has been maintained from the first.

Reasonable suggestions about during this warm season, many practical and others non-sensical, when addressed to the general public. Personal cleanliness, temperance in diet, and general sanitary rules are well enough for everybody but when the toiling masses are told to flee to some cool retreat in the mountains or by the sea-shore and spend the days in idleness there is a strong suspicion of sarcastic writing.

After mature consideration the president and cabinet have reached the conclusion that the leases of lands in the Indian Territory held by cattlemen are invalid, and it has been determined to take steps to have them nullified. Gen. Grant has been reported to have no permanent settlement in the Indian troubles in the territory can be effected while the cattlemen are in possession of the best lands, and it is the intention of the president to remove the disturbing elements and reserve the Indian Territory for the exclusive occupation of Indians. The method of procedure has not yet been determined.

The London Financial News has succeeded in obtaining some trustworthy figures as to the expenditure on the Lessees' Panama canal. Up to last September the cash raised amounted to \$111,375,000, with liabilities at that date amounting to \$153,258,700. Since then \$101,000,000 have been spent on the canal, and it is estimated that \$180,000,000 more will be required, to say nothing of the interest, to be paid on the money. These are big figures but the grand work will surely be completed, and remain a grand monument to the genius of De Lesseps.

Wheat has seldom been cheaper than at the present time. Flour which was quoted in the New York market in 1872 at \$5.25 to 11.25 per barrel, is now rated \$3.00 to 5.65. A single day's labor of some of our mechanics suffices now to purchase a barrel of flour of medium quality. Nearly all provisions are cheaper now than they were then. The material of war appeared decidedly cheaper now than it was ten or fifteen years ago. Not only has the price of raw cotton declined to less than half its former value, but manufactures of cotton goods have become cheaper in still greater ratio. Household utensils, sewing machines, and a hundred articles that might be named have gone steadily down in price.

A new law of considerable importance has just gone into effect in Pennsylvania. For many years the collieries in the neighborhood of Pittsburgh, Allegheny and similar manufacturing centers, have been disgraced by the employment of women and children in the roughest sort of labor. Scarcely was it witnessed there that could only be matched in the coal mines of Europe women unsexed and degraded to brutality by their miserable careers. Attention having been called to this fact, the legislature at the session passed a law subjecting any woman or girl in or about the premises where coals are manufactured, to a heavy fine for every offense proven, one-half of the fine to go to the informer.

Eastern clergymen have been investigating the attendance, or rather the non-attendance, of working people at places of worship. While these figures are discouraging, the reasons alleged for non-attendance are much more so, since it is stated that working men and their families, while they do attend church, are not there to worship, but to make so creditable an appearance in the sanctuary, as to stay away from their work, and thus lose their wages. The working man may be blamed, but, after all, it is only poor human nature on both sides. The rich are ostentatious of their wealth and the poor their poverty—but it does seem as if there might be one place where they could mingle on common ground—outside the grave yard—and that is in public worship.

A Boston paper discusses at length the causes of the decline of agricultural communities in New England. After referring to the days when they were independent and self-sustaining, it says: "To-day in the larger economy of life this is an old story. The farmer in New England, who once found his own field, his 'home place,' is an extraneous element in the 'stove clothes' can be bought. Cheap transportation has annihilated distance, and at every hour is shown a vast organized labor at the most favorable rates, and under the most advantageous circumstances, has robbed individual and scattered industry of its advantages. This has called the young men from their ancestral homes and has sent them to the West and to the large centers of industry. In many parts of this half doctored New England States the traveler will find farms who are to-day the only people who are to-day consuming the savings of earlier life and sking out an existence by the scanty yield of the soil.

Society of this city, was one of the  
pleasantest gathering of the season  
and will be repeated next month.

The Royal Japanese Jugglers and  
acrobats are a special feature  
of the Weldon circus. Its worth  
more than the admission price to  
see them perform their wonderful  
tricks.

Chas. Gehl, our old "butcher boy"  
is in excellent temporary attending  
his new butcher shop. Mr.  
F. Hegher a young man of Hastings  
is running his shop here.

Editorial for Waconia this  
morning with his family for a short  
visit to that beautiful lake resort.  
During his absence the business  
of the printing office will be attended  
to by Willie Ehrmantraut.

Those of our fellow citizens who  
are caught fishing with nets at  
Lake Bazarra, better known as  
William's lake, had better look  
out. One of the parties is known  
and he will be made to suffer if he  
does not desist.

Mr. Diethelm of Shakopee, a  
widower, was married to Mrs.  
Savelkoul a widow, of this Village  
on Tuesday of last week. They are  
both well known in this County  
and their friends wish them many  
years of happy life.

Singing Society are invited

threshing with their steam  
Machine last Monday, the first job  
threshing being that of Ferd Ohnsorg  
threshing his barley about 120 bushels.

They also threshed the barley of  
John Hegerie and Jno Saubrey  
this week.

**Notice To Contractors.**

The Trustees of school District  
No 11 Chanhassen, will receive  
sealed bids for the erection of a  
frame school house, stone foundation,  
as per specification which can be  
seen at the residence of Christian  
Fink, Chanhassen, on,

**Saturday Aug. 15th 1885.**

building said school house as per  
specifications except the hauling  
of material.

The trustees reserve the right to  
reject any and all bids not satisfactory,  
Chanhassen, July 15th 1885.

**CHRISTIAN FINK,**  
**Director.**

**New School House.**

District No. 11, Chanhassen &  
Laketown, known as the Goldsmith  
District, advertise for bids in this  
issue for the building of a School  
house 22x30 with ornaments. Bids  
should be sealed and handed to Mr.  
C. Fink on or before Aug. 15th,  
1885, as per notice elsewhere.

**Barn Struck by Lightning.**

The barn of Fred Goldschmidt,  
Laketown, was struck by lightning  
on Monday night and burned to  
the ground. A plow, scraper, corn  
mill and a lot of tools were consumed  
with the barn entailing a loss of  
several hundred dollars. The barn  
had no lightning rod, and was not  
insured. We advise all farmers  
to have their farm houses rodged at  
once by Fred Illis. This is the  
third or fourth warning this season.

**The Harvest.**

The harvest will commence in  
this county this week. Many of  
our farmers are already cutting oats  
and in Chanhassen, Laketown,  
Chaska, Carver and San Francisco  
the wheat harvest will become general  
later part of this week. In the  
back part it will not commenced  
before next week.

If storms do not interfere it  
will be a fair harvest.

**Damages by Storm.**

A very heavy wind and rain  
storm visited this county on Tuesday  
night, or towards morning, inflicting  
considerable damage to grain,  
laying it flat on the ground,  
entailing loss and much trouble in  
harvesting.

Town folks were badly frightened  
owing to the severity of the storm,  
but no particular damage occurred.

P. S. A very severe rain and  
wind storm accompanied with a  
slight amount of hail, struck us  
again yesterday night, that must  
have been very destructive to crops  
in this county. We can not learn  
the extent of the damage at time of  
going to press, Wednesday afternoon.

**Personal Notes.**

Christ Thamer of Dahlgren was  
in town Saturday.

Casper Born of Dahlgren, dropped  
in to see us Saturday.

Jacob Meuwissen of Cologne was  
in town Saturday.

H. Miller of Dahlgren, returned  
from his trip to Germany Saturday  
and reports a splendid visit.

Rev Father Clementius, was called  
to St. Louis, suddenly on  
Thursday, and had only a few  
hours notice in which to bid good  
bye to his congregation. The congregation  
were greatly affected by his  
separation and it was with feelings  
of regret that they allowed him to  
depart. His place has already been  
filled.

Drs. Raymond and Armitage of  
St. Paul were in town Tuesday.

C. L. Stout agent of Weldon's  
circus, was in town Monday, billing  
the town. He appears to be much  
of a gentleman.

W. C. Bredenhagen at the head  
of the Carver County Ins. Agency  
was in town last Friday and made  
us a pleasant call.

Waconia & St. Paul road, 10 miles  
from Waconia, and 10 miles from  
St. Paul. The farm is well improved  
with a large house, barn, and  
other outbuildings. The soil is  
very rich and the water is pure  
and sweet. For particulars call on  
the land and get terms.

**CHARLES OSWALD**

**Stump Puller.**

Albert Ganke, of Chanhassen  
town, respectfully informs the public  
that he has a No 1 Stump Pulling  
Machine, and is ready to  
pull stumps in this county, and  
in every respect, at reasonable rates.  
All orders left with Peter Illis,  
Chaska, will receive prompt attention.

**ALBERT GANKE.**

**Early Table Corp.**

Mrs. E. L. Stoughton, of this  
village, has our thanks for a nice  
mess of early sweet corn, the first  
ready for table use in this vicinity.  
It was well matured and of excellent  
quality, and Mrs. S., is entitled  
to the credit of being the first  
supplied with that table delicacy in  
this vicinity.

**Death Of Mrs. Dr. MacDonald.**

Mrs. MacDonald wife of Dr. MacDonald  
of this place, died at the  
residence of her daughter in Still-  
water last Saturday night and her  
remains were brought to Shakopee  
and interred in the cemetery there  
on Monday.

Mrs. MacDonald was quite aged  
and had been an invalid for many  
years and her death was not unexpected.  
Judge MacDonald, of  
Shakopee and Hon. C. F. MacDonald,  
of St. Cloud were her sons.  
The afflicted family have the sympathy  
of a large circle of friends in  
their bereavement.

**Circus Coming.**

R. W. Weldon & Co's. New  
Railroad Circus and Menagerie and  
Grand Triple Exhibition, will give  
two of their grand entertainments  
in Chaska, on Monday, August 10  
1885. The Menagerie is not very  
extensive, but is choice as far as  
it goes, and the ring performance is  
said to be the very best, surpassing  
even that of the Sells Bros., the best  
show traveling in the North West.

The St. Cloud papers speak very  
highly of their performance in that  
city, and say it is worthy of the  
support of the community who  
they show.

Go to ODELL'S for your Ice  
Cream EVERY day.

**White Sacred Camel.**

The only White Sacred Camel,  
ever exhibited around the country,  
is now with Weldon's Circus, and  
is alone worth the admission fee.  
The Giant Black Camel is also a  
special feature of the Menagerie.  
Will be in Chaska, Aug. 10th. Re-  
member the date.

**DIED.**

William Speeken, an old settler  
of Dahlgren, was buried from the  
Catholic Church, Chaska, on Monday  
morning. Mr. S., was quite  
aged and had been in feeble health  
for a number of years, and death  
may be regarded as a welcome messenger  
in this instance.

His funeral was very largely  
attended, his entire neighborhood following  
his remains to their last resting  
place.

**Death Of William Cressey.**

William Cressey, formerly owner  
of Cressey's ferry at Shakopee, and  
well known in this county to old  
settlers, died at Minneapolis on  
Monday July 20th of injuries re-  
ceived from a fall from the cupola  
of a barn he was building for his  
son-in-law. He was 66 years old  
and leaves a wife and daughter.  
He leaves his family well provided  
for being worth some \$20,000.

**Chinch Bugs.**

We are informed by Commission-  
er Duffy of Eagle Creek, below  
Shakopee, that chinch bugs are doing  
considerable damage in the  
wheat fields in that town and other  
parts of Scott County. The same  
story reaches us from Eden Prairie.  
It is a good thing that harvest is  
near at hand, or they might reach  
our fields. There are said to be  
some in certain parts of Chanhassen  
but the damage is slight up to the  
present time.

**Sent to Insane Asylum.**

Mrs. Gruber, wife of Louis Gruber,  
whose mind has been somewhat  
deranged for nearly a year past  
was examined last Saturday by a  
committee appointed by Judge Mayer  
for that purpose, and as a result  
of the examination she was taken  
to the hospital for the insane at St.  
Peter last Tuesday. The sudden  
death of a son about a year ago is  
thought to have brought about the  
present serious mental disorder.

The unfortunate lady has occupied  
a room alone most of the time since  
last fall, refusing to go out or  
mingle with any of her family or  
friends.—Jordan Int.

Binder, a large number of Farmers of  
Carver and Hennepin counties gathered  
at the farm of C. Voss one mile from  
Chaska to see the machine start, the  
grain to be cut was barley and a worse  
piece of the vile stuff could not be found  
in the county, the undersigned are a  
few of those present at the trial and after  
a most thorough inspection of the work  
performed units in testifying to the  
many excellencies of the machine and have  
no hesitancy in recommending to all in  
need of a binder to buy the Buckeye Platform
